## G. Reading Comprehension

Answer the questions that follow the letter.

March 15<sup>th</sup>

Dear Lama,

1. How are you and your family? Have you moved to Chicago yet?

*I'm very happy today because it's my birthday. I moved to Sao Paulo, in Brazil, one month ago. I feel very comfortable in this city because my lifestyle is very different from the one I had in Liverpool. Everything seems to be great – people, food, sports, friends, weather, music, etc.*

2. What I like the most about Brazil are the people. They are nice, kind, polite, happy and optimistic! In my opinion, the fact that the weather is usually nice helps a lot because people can regularly meet and socialize outdoors. Also, they lead a very healthy life as they eat a lot of fruit and vegetables and they go running along the beach.

3. Although I am very pleased to be here, things are really expensive. For example, as rent is not cheap at all, I must share a house with three other students who I don't know. I don't like that but it's just temporary until I am able to find a good job and rent an apartment by myself.

4. Honestly, I wouldn't like to go back to England. Since I moved to South America, my life has changed completely. Now I am happier, more relaxed and more extrovert<sup>1</sup>. Living in another country is an extraordinary experience that makes you grow and learn from other people's cultures, lives, values, etc. I absolutely recommend it!

5. I would really like you to come so I can show you this amazing place. Would you like to visit me next summer?

Write to me soon.

Love,
